## Team Suit Orders

We will be placing an order for team suits on Thursday January 3rd. The suits will have our logo screened on them and will come with a cinch bag. Please have your orders in before January 3rd, especially if you plan to attend our first meet on January 19th!

## Identifying the Dive

Dives are described by their full name (e.g. reverse 3 1/2 somersault with 1/2 twist) or by their numerical identification (e.g. 5371D), or "dive number." Twisting dives utilize four numerical digits, while all other dives use three. Specific dive numbers are not random — they are created by using these guidelines:

1. All dives are identified by three or four digits and one letter.
2. The first digit indicates the dive's group: 1 = forward, 2 = back, 3 = reverse, 4 = inward, 5 = twisting, 6 = armstand
3. In front, back, reverse and inward dives, a 1 as the second digit indicates a flying action. A '0' indicates none. In twisting and armstand dives, the second digit indicates the dive's group (forward, back, reverse).
4. The third digit indicates the number of half somersaults.
5. The fourth digit, if applicable, indicates the number of half twists.
6. The letter indicates body position: A = straight, B = pike, C = tuck, D = free.

Examples:

103C = Forward dive with 1 1/2 somersaults in a tuck position

401B = Inward dive in a pike position

5223D = Back dive somersault and 1 1/2 twists in a free position
