

Redbird Diving Club

Our Club is Growing!!

It is so great to see more and more kids of all ages and abilities wanting to join our club. We feel blessed to have such a great team and it seems to be growing every day. We are in the process of finding a way to make our growing team feel more organized and a monthly newsletter is just a start! We

also plan to have team pizza parties, parent meetings, team photos, team bonding outings, volunteer opportunities and more team meets, coming very soon!

Good Luck High School Girls!

Girls high school diving season is off and running! Our club members Rachel Williams (Jr. at NCHS), Alicia Kimbrell (Jr. NCHS), Emily Nagorski (Jr. NCWHS), and Ling Kuhn (So. About Our Learn to Dive Program

As we noticed the club beginning to grow, last year we started a new program called Learn to Dive. This one hour per week introductory class is designed for 7-10 year old beginners and aims to teach the fundamentals of diving.

We developed this program in hopes of bringing some younger divers into our program without the intimidation that comes with joining a new club full of advanced members. New interested divers can now come learn the beginning steps while being surrounded by others with the same general age and ability.

Since we started the Learn to Dive program last June interest has grown enough to develop a second advanced class. The advanced lessons help the kids who have been in the Learn to Dive program for a while transition into a regular club practice. The advanced class also is geared toward kids older than 10 who want to try diving for the first time.

The Learn to Dive program runs 6-7pm on Sundays and the advanced class goes from 5-6pm on Sundays. They are both run and coached by Ben Eicher. Cost of the lessons are \$50 per month. If you know anyone interested in joining please send them to www.redbirddiving.com. If they join and mention your name we will discount your next monthly fee!
